

The Tow truck will be painted light blue, but this picture is the same body as my tow truck. It's a F-350, 2003, single cab. The logo with the girl and boy in a closed green box will go on the hood. Then the boy standing alone should be placed on the driver's side by the front wheel and door (the red tow truck shows the girl where the boy would be). On the passenger side the girl standing alone should be placed there. On the doors the "Good News Towing" should be read there. The Boom has small faces with the phone number on either side. The tool box will have a DOT, UNIT, and MC number. I'd like to use a default text font. Finally right above the rear wheels I'd like the text "we don't repo" and "Hablamos Espanol", We may do one each on either side.

*Good  
News  
Towing*

*(913) 214-1924*

*"Hablamos Español"*

*"We Don't Repo"*
